# CARIBBEAN ESSENTIALS

Skylark Spa features the Caribbean Essentials Spa Collection of natural aromatherapy products and sensory treatment rituals.

The Skylark Spa is guided by Linda Hall, an International Spa & Wellness Consultant, natural product and treatment designer, and guru of holistic spa therapy philosophy.

## CARIBBEAN ESSENTIALS

Caribbean Essentials is a vivacious, vibrant and passionate, mind-body-spirit, luxury spa ritual company inspired by The Caribbean and bursting with its vitality and energy.

They use only natural ingredients indigenous to The Caribbean. The products, treatment rituals and spa menu are in keeping with the Skylark philosophy of fusing all the natural goodness and beauty of The Caribbean to restore peace, wellness and harmony to their guests.

## SPA & WELLNESS CONSULTANT

Linda Hall's 35+ years of experience in the UK, Asia, the USA and throughout The Caribbean is imparted to our certified therapists, who receive constant training and education to keep them updated on the latest developments in techniques, treatments, equipment and products.

A woman with her hair in a bun, wearing a white short-sleeved shirt, is performing a massage on a client lying face down on a massage table. The client is covered with a bright blue towel. The therapist is using both hands to massage the client's back. In the background, there is a wooden shelf with various massage oils, a candle, and a small bowl. The room has large windows with white shutters.

Our massages  
will revitalize, relax,  
stimulate or sedate  
you. Whichever  
rubs you righter!

## MASSAGES

Skylark Spa offers an ever expanding variety of massages that will satisfy our most discerning guests.

Explore the variety of healing treatment rituals available for anyone who is on a journey leading toward optimal wellness. These mind-body-spirit therapies transport your soul on an indulgent journey to heal the senses, balance the body and impart total wellbeing.

## AROMATHERAPY MASSAGE

This blissful, healing massage ritual, combines holistic relaxation techniques with specially blended, powerful rebalancing essential oils. Designed to soothe aching muscles, harmonize the mind and body's energies and restore vitality. Indulge in this treatment and your body will thank you in so many ways.

## SWEDISH MASSAGE

The traditional purpose of Swedish massage is to increase oxygen flow in the blood and release toxins from the muscles. Enjoyed by millions worldwide, this stress-reducing massage is an invigorating, tension-releasing, full body experience which imparts a feeling of general wellbeing by manipulating the soft tissues of the body.

## DEEP TISSUE MASSAGE

Deep Tissue Massage is a more intensive, deep reaching massage than Swedish. It works on chronic tension and stubborn knots, infiltrating those painful stress areas. This massage releases sluggish blood flow and toxins that gather in tired, overworked muscles. We use powerful, indigenous-plant-based oils for this massage, guaranteed to increase your blood circulation and recharge your batteries.

## SPORTS MASSAGE

Also known as the Chair Massage, this therapy promotes better circulation, muscle stimulation and stress relief. It reduces tension in the back, neck, shoulders, head and arms, providing a deeply relaxing effect. It is particularly effective for sports related tension in the back, neck and shoulders.

## HOLISTIC DEEP HEALING BACK RITUAL

An amazing treatment ritual for the back, an area that holds so much of life's tensions and blockages. We combine an infusion of indigenous herbs, oils, spices, warm stones and muds in this signature ritual of hot compresses, steam, pressure point and lymphatic drainage massage. Removing stagnant energy from the back and thus the whole body.

# FOOT THERAPIES

Allow the soles of your feet to be delicately cleansed, nurtured, exfoliated, massaged and soaked!

On your first visit to the Skylark Spa you will receive a complimentary "Welcome" cleansing foot ritual where your feet are placed in a bowl filled with fresh warm water and healing re-mineralizing salts. An invigorating foot scrub follows. This first step will ease your psyche and release tension. Revitalizing your tired mind and body is this simple!

## SIGNATURE FOOT CEREMONY

A ritualistic treat for one of the body's most important parts. A blend of zone reflexology, exfoliation, pressure point, warm stone and traditional massage techniques, concluding with a hydrating foot butter masque.

## REFLEXOLOGY

The ancient art of rebalancing your entire body through the reflex zones of your feet, designed to detox you down to the tips of your toes.

## DELUXE PEDICURE

A full service pedicure combining green tea, island mints, eucalyptus and Dead Sea salts. Oh yes, and a hot polish to finish.

## HOT STONE DELUXE PEDICURE

A soothing foot soak, followed by all the elements in the Deluxe Pedicure, combined with a warm stone foot massage. Great for tired, aching feet.

Lavish your feet with  
careful attention and  
stimulate the body's  
own healing forces
